THE 28TH JUNE, 1845.

The following Draft of a proposed Act was read in Council for the first time on the 28th June 1845.

ACT No — OF 1845.

An Act for incorporating the Assam Company.

Whereas it hath been discovered, that there are in the British Province of Assam and other the North Eastern parts of India, numerous and extensive tracts of country producing the genuine Tea Plant, and it has been ascertained that the soil and climate are in all respects adapted for the cultivation of Tea Plant on an extensive scale.

And whereas it is considered, that the cultivation and manufacture of Tea in India will be of great national importance and benefit, as well to the United Kingdom as to the British Territories in India, and the same may be advantageously prosecuted on a scale beyond the resources and enterprise of individual Capitalists, and a Society or Company hath been lately formed for the purpose of prosecuting and extending the said culture and manufacture with a Capital of Company's Rupees 50,00,000 in 10,000 Shares of Co.'s Rs. 500 each, and certain grants of land have been already made to the said Company in Assam and the North East parts of India aforesaid, and establishments have been formed by the said Company for the purposes of the said culture and manufacture, and are now in operation.

And whereas the whole 10,000 Shares have been subscribed for and appropriated, and the Proprietors have actually paid up Company's Rupees 20,00,000 of the said Capital of Company's Rupees 50,00,000, and the several Subscribers are willing at their own expense to carry on the said culture and manufacture, and it would tend much to the convenience and advantage as well of the said Subscribers as of the public, that they should be incorporated in the manner hereinafter mentioned and provided.

And whereas it is considered, that there are in Assam other articles and products of indigenous growth, or to which the soil and climate are also adapted, the culture and preparation of which may be carried on with great advantage and profit by the said Company as incidental to, or in connection with their Tea-cultivation and establishment, and whereas it is desirable that provision should be made for enabling the said Company if they shall think fit to avail themselves thereof, and for enabling them to increase their Capital Stock.

And whereas several of the persons hereinafter named had been appointed and acted as a Provisional Committee for the purpose of forming and establishing the said Company, and commencing the business thereof, and the said Company has since been constituted under the provisions of a Deed of Association, bearing date the 31st day of January 1840, and made between the several persons whose names are thereunder subscribed, and whose seals are thereunto affixed, (except the several persons, parties thereto of the second and third parts) of the first part, Sir William Baynes, Baronet, Richard Twining, Thomas Weeding, John Alliston, Andrew Henderson, Francis Fox and William Cracroft, therein respectively described of the second part, and Sir George Gerard de Hochpiet Larpent, Baronet, John Small, Alexander Rogers, Foster Reynolds, John Traversa, William Manning, William R. Robinson and Ross Donnelly Mangles, therein also respectively described, of the third part, and under which Deed the business of the said Company has been commenced and carried on, and whereas in such Deed provision was made for confirming the several Acts, Deeds, Matters and Things executed and performed by the Provisional Committee in that capacity.

And whereas it is expedient that like provision should be made herein, and also provision for vesting, continuing and establishing in, for, and against the Corporate Body hereby created after (and notwithstanding their Incorporation) all such property, rights, contracts and liabilities whatever as the said existing Society or Company are, or but for such Incorporation would be possessed of, entitled or liable to:

CIRCULAR.

FROM

J. THORNTON, Esq.,

Secy. to Govt., North Western Provinces,

TO

THE COLLECTOR AND MAGISTRATE.

SIR,

The Lieutenant Governor is desirous to draw
your attention to the subject of Vernacular Educa-
tion in the district entrusted to your charge.

2. It is generally admitted that the standard
of education amongst the people is very low. At
the same time causes are now at work, which tend
rapidly to raise the standard, and improve the in-
tellectual state of the whole population.

3. The people of Hindostan are essentially an
agricultural people. Any thing which concerns
their land immediately rivets their attention and
excites their interest.

4. During the late Settlement a measurement
has been made and a map drawn of every field in
these Provinces, and a record formed of every
right attaching to the field. The Putwarrees'
papers, based on this Settlement, constitute an
Annual Registry of these rights, and are regularly
filed in the Collector's Office. They are compiled
on an uniform system, and are the acknowledged
ground-work of all judicial orders regarding rights
in land.

5. It is important for his own protection, that
every one possessing any interest in the land,
should be so far acquainted with the principles on
which these papers are compiled, as to be able to
satisfy himself that the entries affecting himself
are correct.

6. There is thus a direct and powerful induce-
ment to the mind of almost every individual to
acquire so much of Reading, Writing, Arithmetic
and Mensuration, as may suffice for the protection
of his rights. Until this knowledge be universal
it is vain to hope that any great degree of accu-
racy can be attained in the preparation of the
papers.

7. When the mind of the whole people has
thus been raised to a sense of the importance of
knowledge, it is natural to suppose that many
from the mass will advance further and cultivate
literature for the higher rewards it offers, or even
for the pleasure which its acquisition occasions.

8. You will hence perceive that it is your duty
with reference to the great interests immediately
entrusted to your care, to do all in your power to
promote the Education of the People.

9. The means for this purpose are at hand in
the indigenous Schools which are scattered over
the face of the country. Their number may not
at present be large, and the instruction conveyed
in them is known to be rude and elementary. But
their numbers may be increased and the instruc-
tion conveyed in them may be improved.

10. In this, as in all other operations, it is
most important to carry the people with you, and
to aid their efforts, rather than remove from them
the stimulus to exertion by making all the effort
yourself. Judicious encouragement on your part
will promote the formation of village schools, and
enlist on your side in the work of education the
persons whom the people themselves may select as
their teachers, and support for that purpose. It
is not unreasonable to expect that before long the
Village School-master will be as recognized a ser-
vant of the community, as any other of the ser-
vants whose remuneration is now borne amongst
the authorized village charges.

11. These School-masters may be encouraged
by kindly notice, and by occasional rewards to the
most deserving of themselves or of their Scholars.
They may be aided by the distribution of printed
and lithographed books.

12. A series of Village School Books is now in
course of preparation and will shortly be circu-
lated. They will be short, very elementary, and
strictly on the system now followed in all Native
Schools. The series will contain instructions in
Mensuration according to the native method, and
explanations of the form and object of the Put-
warrees' papers.

13. When these books are circulated, you will also be apprized of other measures which will be organized for the superintendence of Village Schools, much on the plan recommended by Mr. W. Adam, in his Third Report on the State of Education in Bengal, furnished to the Government in the year 1838

14. In the mean time it is necessary that you apply yourself without further delay to the collection of statistical details regarding the actual state of education in your district. This enquiry should embrace education in all its branches—the lowest and the highest.

15. It is important that the information should be furnished in an uniform manner. For this purpose three copies of a reprint of so much of Mr. Adam's Third Report, as shows his plan of arranging the statistics of the districts he visited, is forwarded for your information and for distribution to your subordinates. Your report will be drawn up as nearly as may be convenient on this model, but you will consider the district as divided into Pergunahs rather than into Thannahs, which are the local subdivisions of a district best known in Bengal. I am further desirous to furnish you with the following instructions as to the method in which the information may be collected.

16. The Revenue Officers of the Government are the persons whom you will naturally employ as your agents. Directions for the guidance of the Tehsildars have been compiled, as well as a translation of so much of Mr. Adam's report as will apprise them of the object in view, and several copies are herewith forwarded to you for distribution.

17. You will first draw up in your own Office for each Pergunah a return of the form annexed, filling in from the Settlement Records the names of all the Mouzahs, arranged according the Persian Alphabet, their Jumma, and Population. Where there are no schools in a Mouzah, the line assigned to that Mouzah will remain blank; where there are more schools than can be conveniently shown in the allotted space, the detail will be separately given in a supplemental return, to which reference will be made on the face of the statement.

18. It is essential that every Mouzah be entered in the statement in order that no one be overlooked.

19. When you receive back the statements from the Tehsildars, you will not adopt them, till you are quite satisfied of their correctness. You will easily test them by independent enquiries made by any trustworthy person in your Office, regarding several entries taken at random throughout the whole. During the frequent visits to the several parts of your district, made by yourself or your subordinates, you will ascertain the accuracy

of the returns by personal enquiries. It is impossible that, with ordinary care, your return should be otherwise than correct.

20. The Lieutenant Governor will feel gratified by any remarks or suggestions which you may make on the subject, when you furnish the report.

I have the honor to be,

Sir,

Your most obedient servant,

INSTRUCTIONS TO TEHSILDARS.

1. The Government is desirous to receive from you a return of the number of schools in your Tehsildary.

2. The object of the enquiry is to promote the formation of these schools, and improve the education given in them, so that the Zemindars and Ryots may be able to read and write and understand the Putwarrees' papers and see that they are accurately drawn up.

3. The Government does not intend to establish schools of its own, but it intends to help the people in establishing schools for themselves.

4. You will hereafter be informed in what way help will be given: at present the Government wishes to know how many schools there are in your Tehsildary, what is taught in those schools, and how the Teachers are remunerated.

5. A form is sent to you in which you will enter the required information, under the several heads: you will observe that a single line is allotted to every village in your jurisdiction. If the village contains no schools, you will leave the line blank; if it contains more schools than there is room for, you will enter the details in a separate supplemental return and make a reference to that return on the face of the statement.

6. A translation is annexed of the report furnished to the Government of Bengal by Mr. Adam regarding the State of Education in Zillah Beerbhoom. A similar report for the whole district will be drawn up by the Collector from the returns of the several Tehsildars. If you feel disposed to draw up yourself a report in that form for your own Tehsildary, it will be better. The facts regarding each Pergunah should be noted separately, without regard to the division of the districts into Thannahs.

7. You will collect the information requisite to fill up the entries through the Pergunah Canongoes and Village Putwarrees, testing it in every available manner, but you will be careful not to harass the people by summoning them to answer on the subject: it is better you should take a little longer time in completing the return, than that you should give the people any annoyance in preparing it: you will spare no pains in ensuring its accuracy.

8. The entries in the several columns of the annexed specimen form will explain to you how they should be filled up.

(Signed)

J. THORNTON,

Secy. to the Govt. N. W. P.

BOMBAY.**

NOTICE is hereby given, for general information, that an Express Packet, (consisting, exclusively, of Overland Letters, not exceeding the prescribed maximum weight of 400 tolas in the aggregate,) for conveyance, by the Steamer appointed to leave Bombay, on the 19th instant, will be closed at, and despatched from, this Office, on Thursday, the 10th idem, and that no Letter above one tola in weight, or any brought after 3 P. M., on that date, (whether the abovementioned weight be completed or not,) will be received for transmission by this opportunity.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas,... (1 Shillings)
Above $\frac{1}{2}$, and not exceeding 1 ounce,
1 Rupee, (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
" Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Ben-tinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office, }
The 8th February, 1844. }

POST OFFICE NOTIFICATION.

P. and O. Steamers.

THE Bi-monthly Overland Communication having now been regularly established between this Country and Europe, and the arrangements for the conveyance of the Mails, direct, between Calcutta and Suez, finally completed and brought into operation; Notice, accordingly, is hereby given, that the rates of Postage charged on Letters and Papers carried by the Government Steamers from and to Bombay, will likewise be levied, in future, on Letters and Newspapers conveyed by the Peninsular and Oriental Company's Vessels, from and to Calcutta, both by way of Southampton, and via Marseilles.

1. The rules relative to the former, having also been made applicable, in every respect, to the latter, are subjoined for the information and guidance of the Public, in general. The scale of British Steam Postage, is, as follows, viz.

On every letter not exceeding $\frac{1}{2}$ an ounce in weight,8 As. or one Shilling.

On ditto above $\frac{1}{2}$ oz. and not exceeding one ounce,1 R. or two ditto.

On ditto above 1 oz. and not exceeding two ounces,2 Rs. or four ditto.

On ditto above 2 oz. and not exceeding three ounces, ...3 Rs. or six ditto.

and so on, increasing One Rupee, or Two Shillings, for every additional ounce weight, or any fraction thereof.

2. British weights not being generally available in this country, the following coins of the Hon'ble Company's currency, are recommended as the best substitutes:

In lieu of $\frac{1}{2}$ an ounce..... One Rupee and One Copper Pie.

In lieu of one ounce..... Two Copper Half Anna Pieces (or Double Pice) and One Pie—the former Coins are procurable by paying the equivalent, at the Mint.

3. Every person confining his English correspondence to the weight of the two former Coins, will be certain of being within the weight prescribed for a single Steamer Letter, and every Letter not exceeding the aggregate weight of the three latter Coins, will, in like manner, be within the weight allowed for a double Steamer Letter.

4. Steam Postage on Letters for Foreign and Continental Europe, or any place to which Great Britain does not necessarily form a channel of communication, forwarded via "Marseilles," as well as letters for Egypt, Syria, Turkey, Greece, and the Mediterranean Islands, subject to Red Sea (Steam) Postage, *must*, as heretofore, be pre-paid in this country.

5. Steam Postage on Letters for the United States or British Colonies in America, or the West Indies (unless addressed to Agents in Great Britain,) *cannot* be pre-paid in this country, whether sent by way of "Marseilles," or via Southampton.

6. The same rule applies equally to Letters for the United Kingdom, comprising England, Scotland, Ireland, Wales, and all the British Islands, despatched through "Marseilles," and also to those for the Continent of Europe, transmitted by way of "Southampton."

7. Letters for any Foreign country, directed to an Agent in England, will be received and disposed of, as if addressed to the United Kingdom.

8. The optional pre-payment of Steamer Postage, applies only to Letters sent, by the "Southampton" Route, to places within the United Kingdom, and vice versa.

9. The Term "Paid (or Pre-paid," which is synonymous) being the distinctive mark (indicative of the wishes of Senders) and the only guide for the Post Office Receivers, all Letters for the United Kingdom via "Southampton," which may be so marked, will, accordingly, be charged with Steamer Postage, and such as are not so superscribed, will be sent "Bearing."

10. The Inland (Indian) Postage which is quite distinct from, and always levied in addition to, Steam Postage, *must* be paid in advance, by the Sender, at the Posting Office, on Letters forwarded from out Stations to Calcutta or Bombay, or from either one Presidency to the other, for transmission by the Steamers, and vice versa, that is, by the Addressee at the Receiving Office. The word paid, therefore, should not be put on any Letter, except on those on which Senders, having the option, intend to Pre-Pay Steam Postage also.

11. No Letter exceeding 12 tolas, (a fraction under 5 ounces) in weight can be transmitted per Letter Mail; but if forwarded by Government Ranghy Post, or otherwise sent to Bombay or Calcutta, it may be despatched by the Steamer, from either Presidency.

12. It is particularly requested, that Letters and Papers from the Mofussul, intended for despatch by the Overland Mail, from Calcutta, may be accordingly superscribed, for the guidance of the person who originally receives such Letters at the Posting Office. The route (Southampton or Marseilles) by which they are intended to be forwarded, should always be clearly specified also. Any Letter not marked "Per Steam," or "Overland," will be sent by a Sailing Vessel. In order to avoid mistakes, the name of the country, which a Letter is destined to, (England for example,) should be the last word in the superscription. Letters posted in Calcutta for despatch via Bombay should be accordingly directed.

13. Although $\frac{1}{2}$ ounce is the single weight for regulating Steamer Postage charge, the quarter tola continues to be the single weight for Inland Postage to Bombay, which Letter (from Calcutta to that Presidency,) amounts to Seven Annas.

14. An extra charge of One Rupee for every half tola weight, is made on Letters sent by the Overland Express from Calcutta to Bombay, and no Letter above one tola weight can be forwarded by such conveyance. Thus, for instance, a Pre-Paid Steam Letter of one tola weight, posted in Calcutta for transmission, via Bombay, would be charged with Postage, amounting to Rs. 3 6-0, viz.

Ordinary Inland Postage,	0	14	0
Express ditto,	2	0	0
Steam ditto,	0	8	0
Total Rs.	3	6	0

15. It is requested that no Firm or individual will send Letters exceeding Two Tolas Weight in the aggregate, and that each Letter be superscribed "Overland Express" when intended for such conveyance.

16. The Tola Weight above mentioned is equal to 180 Grains Troy, being the Standard Weight of the Company's Rupee.

17. Postage is levied according to the prescribed weight, without reference to the quality or quantity of the Paper.

18. No Steam Postage whatever is charged in India on Newspapers sent from this country, but Inland Postage to, and from, Bombay must be paid.

19. Receipts, if required, must be brought ready written, along with the Letters, &c. to the Post Office.

The foregoing explanation is given in detail, for the express purpose of preventing mistakes and consequent disappointment.

Any further change that may, hereafter, take place, will be duly notified.

L. J. H. GREY,
Post Master General.

FORT WILLIAM, GENL. POST OFFICE, }

GENERAL POST OFFICE NOTIFICATION.

The Officiating Post Master General being desirous to infuse into the system of delivery of Letters, some measure of activity, order, and despatch, begs to intimate to the public, that from and after the 15th July, the following Clauses of the "Rules for the management of the Post Office Department, passed by the Governor General of India in Council on the 30th August 1837," will, without deviation or respect of persons, be rigorously enforced.

"XXIII. The Delivering Peons are prohibited from delivering letters, papers or parcels out of the usual course, and without immediate payment of the exact amount of postage; and they are not bound to give change. Should they be subject to detention, they are not to deliver the letters, papers or parcels, but to return them in the evening to the Post Office for future delivery.

"N. B. Under the provisions of Section 3, Act XXI. 1835, Copper Coin is not a legal tender in payment of any demand, except for fractions of a Rupee."

"XXIV. Whatever postage is marked on a letter, paper, or parcel, must be paid at once on delivery, after which any complaint of overcharge will be duly attended to. In all complaints of overcharge or unnecessary delay in delivering letters, papers or parcels, the covers or envelopes, bearing the Post Office Stamp, must be presented for inspection; and as all Post Office Peons wear a badge regularly numbered, when any complaints are preferred against any individual, the number of the badge should be specified."

In carrying into effect this very essential measure, necessary alike to prevent malpractices on the part of the Peons, and to secure a prompt and orderly delivery of letters, the Officiating Post Master General confidently anticipates the cordial co-operation of the community; and has accordingly issued this Notification, that all parties may make their arrangements to meet this change of system, with as little inconvenience as possible.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas, ... (1 Shillings)
Above $\frac{1}{2}$, and not exceeding 1 ounce,
1 Rupee, (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, (6 Shillings)
And so on, increasing 1 Rupee, (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

“BRITISH POSTAGE PRE-PAID,
“Via Southampton.”

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India-ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Ben-tinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office,
The 5th February, 1844.

GENERAL POST OFFICE NOTIFICATION.

The Officiating Post Master General being desirous to infuse into the system of delivery of Letters, some measure of activity, order, and despatch, begs to intimate to the public, that from and after the 15th July, the following Clauses of the "Rules for the management of the Post Office Department, passed by the Governor General of India in Council on the 30th August 1837," will, without deviation or respect of persons, be rigorously enforced.

"XXIII. The Delivering Peons are prohibited from delivering letters, papers or parcels out of the usual course, and without immediate payment of the exact amount of postage; and they are not bound to give change. Should they be subject to detention, they are not to deliver the letters, papers or parcels, but to return them in the evening to the Post Office for future delivery.

"N. B. Under the provisions of Section 3, Act XXI. 1835, Copper Coin is not a legal tender in payment of any demand, except for fractions of a Rupee."

"XXIV. Whatever postage is marked on a letter, paper, or parcel, must be paid at once on delivery, after which any complaint of overcharge will be duly attended to. In all complaints of overcharge or unnecessary delay in delivering letters, papers or parcels, the covers or envelopes, bearing the Post Office Stamp, must be presented for inspection; and as all Post Office Peons wear a badge regularly numbered, when any complaints are preferred against any individual, the number of the badge should be specified."

In carrying into effect this very essential measure, necessary alike to prevent malpractices on the part of the Peons, and to secure a prompt and orderly delivery of letters, the Officiating Post Master General confidently anticipates the cordial co-operation of the community; and has accordingly issued this Notification, that all parties may make their arrangements to meet this change of system, with as little inconvenience as possible.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas,... (1 Shillings)
Above $\frac{1}{2}$, and not exceeding 1 ounce,
1 Rupee, (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Ben-tinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office,
The 30th February, 1844.

GENERAL POST OFFICE NOTIFICATION.

The Officiating Post Master General being desirous to infuse into the system of delivery of Letters, some measure of activity, order, and despatch, begs to intimate to the public, that from and after the 15th July, the following Clauses of the "Rules for the management of the Post Office Department, passed by the Governor General of India in Council on the 30th August 1837," will, without deviation or respect of persons, be rigorously enforced.

"XXIII. The Delivering Peons are prohibited from delivering letters, papers or parcels out of the usual course, and without immediate payment of the exact amount of postage; and they are not bound to give change. Should they be subject to detention, they are not to deliver the letters, papers or parcels, but to return them in the evening to the Post Office for future delivery.

"N. B. Under the provisions of Section 3, Act XXI. 1835, Copper Coin is not a legal tender in payment of any demand, except for fractions of a Rupee."

"XXIV. Whatever postage is marked on a letter, paper, or parcel, must be paid at once on delivery, after which any complaint of overcharge will be duly attended to. In all complaints of overcharge or unnecessary delay in delivering letters, papers or parcels, the covers or envelopes, bearing the Post Office Stamp, must be presented for inspection; and as all Post Office Peons wear a badge regularly numbered, when any complaints are preferred against any individual, the number of the badge should be specified."

In carrying into effect this very essential measure, necessary alike to prevent malpractices on the part of the Peons, and to secure a prompt and orderly delivery of letters, the Officiating Post Master General confidently anticipates the cordial co-operation of the community; and has accordingly issued this Notification, that all parties may make their arrangements to meet this change of system, with as little inconvenience as possible.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas, ... (1 Shillings)
Above $\frac{1}{2}$, and not exceeding 1 ounce,
1 Rupee, (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, (6 Shillings)
And so on, increasing 1 Rupee, (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Ben-tineck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office,
The 5th February, 1844.

GENERAL POST OFFICE NOTIFICATION.

The Officiating Post Master General being desirous to infuse into the system of delivery of Letters, some measure of activity, order, and despatch, begs to intimate to the public, that from and after the 15th July, the following Clauses of the "Rules for the management of the Post Office Department, passed by the Governor General of India in Council on the 30th August 1837," will, without deviation or respect of persons, be rigorously enforced.

"XXIII. The Delivering Peons are prohibited from delivering letters, papers or parcels out of the usual course, and without immediate payment of the exact amount of postage; and they are not bound to give change. Should they be subject to detention, they are not to deliver the letters, papers or parcels, but to return them in the evening to the Post Office for future delivery.

"N. B. Under the provisions of Section 3, Act XXI. 1835, Copper Coin is not a legal tender in payment of any demand, except for fractions of a Rupee."

"XXIV. Whatever postage is marked on a letter, paper, or parcel, must be paid at once on delivery, after which any complaint of overcharge will be duly attended to. In all complaints of overcharge or unnecessary delay in delivering letters, papers or parcels, the covers or envelopes, bearing the Post Office Stamp, must be presented for inspection; and as all Post Office Peons wear a badge regularly numbered, when any complaints are preferred against any individual, the number of the badge should be specified."

In carrying into effect this very essential measure, necessary alike to prevent malpractices on the part of the Peons, and to secure a prompt and orderly delivery of letters, the Officiating Post Master General confidently anticipates the cordial co-operation of the community; and has accordingly issued this Notification, that all parties may make their arrangements to meet this change of system, with as little inconvenience as possible.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas, ... (1 Shillings)
Above $\frac{1}{2}$, and not exceeding 1 ounce,
1 Rupee, (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, (6 Shillings)
And so on, increasing 1 Rupee, (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Benthack and Hindostan.

Deputy Post Master.
